- The organizers of WordCamp Asia 2024 want us to promote their event to Hongkongers.

What Are WordCamps?

What Are WordCamps?

- WordCamps are casual, locally-organized conferences covering everything related to WordPress.
- In general, WordCamps include sessions on how to use WordPress more effectively, beginning plugin and theme development, advanced techniques, security, etc.
- WordCamps are attended by people ranging from blogging newbies to professional WordPress developers and consultants, and usually combine scheduled programming with unconference sessions and other activities.
